INFORMATION DISCLOSURE STATEMENT

Dear Sir:

Applicants are filing this IDS with three Japanese references. Two of the Japanese references (JP-A-9-55776 and JP-A-2002-232511) were cited in a JP Office Action dated December 25, 2007. An English translation of this Office Action is provided. There is no fee for these two references since they are being filed within three months of the foreign office action. The concise explanation of relevance is believed to be satisfied by the submission of the English-language version of the JP Office Action (MPEP 609.04(a)). In order to supplement this explanation of relevance, Applicants have included a machine translation of the references.

The third reference being cited is JP 2002-199047. This reference was first cited with the response to missing parts on May 20, 2004. At that time, Applicants filed an English-language abstract which Applicants believed satisfied the concise explanation of relevance for the reference (MPEP 609.04(a)). Applicants received the 1449 form from the Examiner with a line drawn through the reference and no comment regarding the reference. Applicants are resubmitting this reference with a machine translation of the reference in addition to the English-language abstract.

If it is determined that this IDS has been filed under the wrong rule, the PTO is requested to consider this IDS under the proper rule (with a petition if necessary) and charge the appropriate fee to Deposit Account No. 08-0750.
